

FOUNDATION AND DEVELOPMENT OF A LIFE SCIENCE COMPANY

NOVEMBER 28TH – DECEMBER 04TH 2018

This Workshop offers practical training in topics and processes related to the creation and development of a life science company.

Trainer - Manuel Vega – a seasoned professional in the life science sector; with double educational background (in scientific research and in business administration) and 25 years' experience in running-starting-advising technology companies and in qualifying R&D projects with potential for value.
